Dr Rohde (fnu), succeeded Graduate Engineer Becher (fnu) as head of the transistors section at the Werk fuer Fernmeldewesen HF in Berlin-Oberschoeneweide. About 15 transistors produced by the section were checked as to their service line in late July. The head of the laboratory stated that the orders for these transistors were placed by the Soviets. An attempt to develop plane transistors failed for lack of equipment, i.e. a device producing neutrons (sic).
